- October 21st possible meeting.

OTHER INFORMATION:

1. Clementon School Information:
a. Enrollment Report – September 23, 2010

Ms. Marcus discussed the students who transferred out 42. We had 102 transfers in. Ten were special education students. Information on DYFS, if a student goes to another district, we would have to pay for transportation for that student. Our social worker is our DYFS person.

Ms. Marcus discussed on School Choice and how this would affect the students at Clementon. Students/parents could request to come to Clementon School. The district would have to accept all students based on available space. Since we have so many students coming in and transferring out, it would be difficult to implement.

The sending district would have to provide transportation for the student. Clementon would receive their State Aid. If a student became an out of district placement, Clementon would be responsible for the additional cost to educate that child. Brooklawn is the only district that is a school choice in Camden County.

Superintendent made the following motion:

Clementon will not participate in School Choice.
